**Preparation of the unit** (Solo para el primer uso)

1. Press button to open flip top.
2. Insert tip through top, align notches on tip and handle (dots on tip and flip top will align), press firmly to click tip into place.
3. Close flip top.

**To Avoid Mess: Keep Tip in Mouth While Unit is On.**

1. Load tablet into handle. Start on low pressure and increase to your liking.
2. With water switch in OFF position, place tip in mouth. Turn power ON.
3. Lean over sink. Turn water switch to ON position.
4. Aim water at the gumline at a 90 degree angle. Follow the gumline and pause briefly between teeth.

This device is only compatible with voltages of 120 VAC, 60Hz.
