BRUSHING ALONE IS NOT ENOUGH

Despite the fact that virtually everyone brushes their teeth, half of all Americans have gum disease. Clinical research confirms that the Waterpik® Water Flosser is significantly more effective than string floss, interdental brushes and air floss for removing plaque and improving gum health. That’s why it is the #1 choice among dental professionals.

If you have Implants, Crowns, Bridges, Braces, or other dental work, the Waterpik® Water Flosser is essential.

WHICH TIP IS RIGHT FOR YOU?
