

Waterpik® Hose Kit-F

COMPONENTS

Thank you for purchasing this Waterpik® hose. This booklet gives you the proper information to make installation quick and easy.

INSTALLATION

1. Locate the hose end with ridged connector. Connect the ridged end of the hose to the bracket and hand tighten.

NOTE: Do not use pliers or wrench to connect hose ends to shower head or diverter.

2. Locate the smooth connector with black o-ring on the hose end and hand tighten to hand-held shower head.

3. Place hand-held shower head in bracket. Turn on the water and check for leaks.

If leaks are visible at hose connections tighten connections and re-test.

30 DAY LIMITED WARRANTY

Save your receipt as proof of purchase is required for warranty action. Water Pik, Inc. warrants to the original purchaser of this product that it is free from defects in material and workmanship for a period of 30 days from date of purchase. Water Pik, Inc. will replace any part of the product which in our opinion is defective, provided that the product has not been abused, misused, altered or damaged after purchase. (This includes damage due to use of tools or harsh chemicals.) In the event an item has been discontinued we will replace with what we deem to be the closest product. Water Pik, Inc. is not responsible for labor charges, installation, or other consequential cost. The responsibility of Water Pik, Inc. shall not exceed the original purchase price of the product. This warranty gives you specific legal rights. You may also have other rights that vary where you reside.
